Excerpt: .been reached and its remains left scattered about. As the squirrels hibernate at least a month before the bears do, they evidently are a great help in enabling the bears to lay in sufficient fat for their winter s store. There is no evidence that the bears molest any large game, and the scouts and old hunters and trappers say that they do not. As they are great scavengers, and quickly locate dead animals, they are trapped mainly by the use of meat bait. In this way great numbers of game animals have been destroyed by trappers for bear bait, and as late as June 22 I have found bear traps baited with freshly killed deer and goats. Moose and elk have also suffered severely in this way before the Glacier Park was created and put under proper supervision. As the establishment of Glacier...
