Cowley Publications,U.S., United States, 1999. Paperback. Book Condition: New. 211 x 132 mm. Language: English . Brand New Book. In this sixth volume of The New Church s Teaching Series, Rebecca Lyman introduces us to the world of the early church. Beginning with the Jewish, Greek, and Roman cultures in which the first followers of Jesus lived and worshiped, she traces the growth of the Christian church s theology, worship, leadership, and ethics through its first six centuries, ending with Augustine of Hippo. Early Christian Traditions offers perceptive insights into the early church s intense conflicts that reveal the often thin line between orthodoxy and heresy, between true and false teachers, and among the many competing versions of Christianity. Lyman describes the early church s family quarrels Gnosticism, Donatism, Arianism as well as the theological, political, and linguistic issues that went into the making of the great creeds and established the apostolic tradition.
