CONTEMPORARY HEALTH INFORMATICS

American Health Information Management Association, United States, 2014. Paperback. Book Condition: New. 254 x 175 mm. Language: English . Brand New Book. Health informatics-the application of information technology to healthcare delivery-is changing dramatically because of federal investment in adoption, new cloud-based technologies to encourage data sharing and patient participation, and new financial incentives to encourage coordinated care. The traditional provider- and hospital-centric view of care and health information technology is morphing into one which combines electronic records with the Internet...
