

Japanese Chess: The Game of Shogi

Filesize: 3.26 MB

Reviews

An extremely amazing publication with lucid and perfect answers. It is written in easy phrases instead of confusing. I am just very happy to inform you that this is the best pdf we have read in my own daily life and can be the greatest publication for at any time.

(Mrs. Madonna Bosco)

JAPANESE CHESS: THE GAME OF SHOGI

Tuttle Shokai Inc. Paperback. Book Condition: new. BRAND NEW, Japanese Chess: The Game of Shogi, Trevor Leggett, The ancient game of chess has its roots in India, where the legendary emperor Ravana used it to exercise his generals in strategy and tactics. Played by millions around the world, shogi is the uniquely Japanese variant of chess. "Japanese Chess" is the ultimate book on shogi for beginners and experienced players alike. Its step-by-step instructions and easy-to-follow diagrams lead the reader through the strategies and intricacies of one of Japan's most popular board games. The only book about shogi easily available in English, this essential resource includes a unique feature: a shogi board is bound right into it, folding out for use with the included shogi pieces. Each sturdy paper piece features both English and Japanese symbols. A newly redesigned edition of the classic guide to shogi, "Japanese Chess" includes an explanation of the board, the moves of the different pieces, the effective use of the various pieces in game situations, the use of 'paratroops' (pieces captured from an opponent) and defenses against 'paratroop' attacks, the relative value of each of the pieces, a sample game and commentary, various possible openings (which any chess player knows are vital) and their results, as well as an explanation of how to read a Japanese score. Perfect for fans of strategy games, shogi is an exciting and challenging way to both have fun and sharpen your mind.
