By Sergio M. Focardi, Frank J. Fabozzi, Turan G. Bali

John Wiley Sons Inc, United States, 2013. Hardback. Book Condition: New. 1. Auflage. 230 x 154 mm. Language: English . Brand New Book. The mathematical and statistical tools needed in the rapidly growing quantitative finance field With the rapid growth in quantitative finance, practitioners must achieve a high level of proficiency in math and statistics. Mathematical Methods and Statistical Tools for Finance, part of the Frank J. Fabozzi Series, has been created with this in mind. Designed to provide the tools needed to apply finance theory to real world financial markets, this book offers a wealth of insights and guidance in practical applications. It contains applications that are broader in scope from what is covered in a typical book on mathematical techniques. Most books focus almost exclusively on derivatives pricing, the applications in this book cover not only derivatives and asset pricing but also risk management including credit risk management and portfolio management. * Includes an overview of the essential math and statistical skills required to succeed in quantitative finance * Offers the basic mathematical concepts that apply to the field of quantitative finance, from sets and distances to functions and variables * The book also includes information on calculus,...
